M/W/F

We have made it to the last month in our school year! The last ten months have absolutely flown by and it has been an amazing adventure getting to grow with your children! We have learnt so much from them and shared many laughs throughout the year. It is always bittersweet this time of year, seeing our older students getting ready to venture into Kindergarten We have been so privileged to know all the families and the students and we hope everyone has a safe and enjoyable summer break!

This month, we will be focusing on graduation and celebrating all that our children have accomplished. We will also be recognizing and honoring our fathers and special father figures, and the important role they play in our lives. Throughout the month, the children will be working on a special art project to help celebrate these important people and milestones.

Fall Registration

Registration for the fall is now open. If you need support choosing classes or have any questions, your teacher is available and glad to help.

T/Th

We have enjoyed watching the growth of all of the children over the past 10 months. We are amazed by the progress each student has made this year.

This month we will be exploring creativity through fun summer paintings and colourful art activities.

We are excited to celebrate our fathers and special father figures as we get ready for Father's Day!

G.R.I.T. CALGARY SOCIETY

Development Screening for September 2026
We encourage families who have any concerns with their child's speech and/or development to fill out a request on our website. Early intervention is a very powerful tool! Screenings will be scheduled directly with GRIT Calgary Society.
